Password

Log in

[Forget your password?](#)

Login with your ID and Password written in the e-mail

This ID and Password are issued **only to upload the presentation files as a speaker.**

To participate in the virtual conference as an attendee, complete online registration so that another ID and Password will be issued before on-demand presentation starting from Jun.1 (JST).

Online Registration

***excluding the speakers who are notified that registration is waived**

2) Move to [Home]

1. Click [My Menu]

The screenshot shows the top navigation bar of the 2021 VLSI Symposium website. The header includes the event title "2021 Symposia on VLSI Technology and Circuits" and a search bar. A user profile "VLSI_Presenter" is logged in, with a "My Menu" button highlighted by a red box. Below the header is a main navigation menu with categories: View favorites, Contents (with "Video Manager" highlighted by a red box), Content Group, Support, and Account. A green bar below the menu contains a home icon and the text "TECHNICAL SESSIONS". A red callout box points to the "Video Manager" link with the text "2. Click [Video Manager]".

*Do not use any menu other than [Video Manager]

The screenshot shows a "Featured Content" section with a video player. The video title is "Sample Video 01: Presentation Instruction". The player shows a thumbnail with the text "Title of Presentation", "Presenter Name¹, Coauthor Name², Coauthor Name^{1,2}, and Coauthor Name²", and "1 Affiliation One, 2 Affiliation Two". The video duration is 00:02. Below the player, the video is titled "Sample Video 01: Presentation Instruction" and includes metadata: Posted Date: 2021/05/12, Presenter: VLSIPresenter, and Views: 0.

3) Move to [Upload] page

Click [Delete] button if necessary
(*Do not use [Publish Now] and [Edit] button)

The screenshot shows a video management interface. On the left, there is a video thumbnail with a 'Private' icon and a duration of '05:18'. The video title is 'ISSCC 2021 Forum F1: Striking the balance between energy efficiency & flexibility: General-Purpose vs Special-Purpose ML Processors'. Below the title, the organizers are listed: Luca Benini, ETH Zürich, Univ. Bologna, Sukhwan Lee, Samsung S.I.S.I., Yong Pan Univ. Tsinghua Univ., Tanay Karnik, Intel, Hsi-chia Chang, National Chiao Tung Univ. To the right of the video, there is a 'Sample Video' section with the following details: Group: 未登録, Tags: (empty), Release Date: 2021/05/12 ~, Number of Comments: 0. At the bottom right of the video section, there are three buttons: 'Publish Now' (checked), 'Set to Private' (disabled), and 'Delete' (red). Above the 'Delete' button is an 'Edit' button.

If more than 2 video presentation files are uploaded for the same Program No., only the latest file is published for on-demand presentation.

IMPORTANT

<Deadline>

May 21, 2021 (JST)

Prior to upload your complete mp4 files and PDF slides, **original presentation slides need to be confirmed by your session chairs**.

<System Maintenance>

10:00-12:00 on May 17 (JST)

During the system maintenance, any session chairs / speakers cannot access the virtual platform.
